

APPENDIX O

"Cox effort to learn extent of any Titus authority to bring
Watergate indictments" [See text p 14]

Mr. Henry E. Petersen
Assistant Attorney General
Criminal Division

May 25, 1973

Archibald Cox
Special Assistant Attorney General

Will you please send me, as soon as possible, any letters, memoranda, or other instructions or suggestions from your office to U. S. Attorney Titus concerning any aspect of the Watergate investigation, however remote. Where the suggestions or instructions were oral, I would like to have the date and time, any contemporaneous memorandum, and any recollection you or your assistants may have of anything not reduced to writing.

Sometime later we will have to run through all this together, but I would like to get what I can in writing as soon as possible.
